

COMPARATIVE AND EVOLUTIONARY BIOLOGY OF HEARING

TRAINING PROGRAM PREDOCTORAL FELLOWSHIP APPLICATION

- Submit application and all materials as a single PDF (as described below) to Dr. Sandra Gordon-Salant, sgsalant@umd.edu
- Training starts July 1 of each year and lasts for one year. Complete applications must be received no later than March 1 of each year for participation in the program starting the following July 1. (It is recommended that potential applicants contact Dr. Gordon-Salant to get the “closing” date for applications each year).

NOTE: By law, only U. S. citizens or permanent residents (green card holders) may be supported by this training grant. Partial year support cannot be provided.

Graduate School: _____ Graduate department: _____

Major professor: _____

Additional Material

New Students to the Training Program – NOTE please email the complete file, as one PDF, to Dr. Gordon-Salant. The file should contain:

1. The application form filled in
2. A complete updated CV
3. In a paragraph or two, describe your career goals beyond the doctoral program
4. Up to a page describing your research interest and the research you expect to do for your doctorate in our program.
5. An abstract of any research you have done
6. Any additional information that you think will be helpful in our making a decision
7. PDF's of any papers you have published (up to two)

In addition, have two letters of recommendation sent directly to Dr. Gordon-Salant (preferably as PDF). One should be from your doctoral advisor.

Current Students – NOTE please email the complete file, as one PDF, to Dr. Gordon-Salant. The file should contain:

1. The application form filled in
2. A page or two describing your current research program and your progress to date. Also provide a time-line for completion of your doctorate.
3. A complete updated CV
4. Any additional information that you think will be helpful in our making a decision
5. A listing of grades in courses while you have been supported by the training program
6. A copy of any papers you have published at UM, and especially from training grant work
7. A copy of proposal(s) you have submitted to obtain your own support for your stipend and/or research

In addition: Please have your CEBH advisor send a PDF to Dr. Gordon-Salant with a letter discussing your progress. Letter should indicate that the mentor would like you to continue on the training grant and if (s)he has funds to support you if you are not given an additional year.
